

Utility Protection Dog
Level #1 Scenarios

1. A person acting as a jogger immediately exits a hidden area approx. thirty (30) feet before the dog passes the hidden area and runs within eight (8) feet but no more than twelve (12) feet away past the K-9 team. The dog must not show any aggression towards the person running.
2. A person riding a bicycle exits a hidden area approx. twenty five (25) feet before the dog passes the hidden area. The person on the bicycle rides past the dog and handler no closer than ten (10) feet or more than fifteen (15) feet away from dog. The dog must not show any aggression towards the bicyclist.
3. A decoy exits from a hidden area approx. twenty five (25) feet before the dog reaches the hidden area and acts like an intoxicated person, i.e., staggering, yelling, singing, etc. The person will “stagger” within eight (8) feet but no more than twelve (12) feet away, past the K-9 team. The dog may not show any aggression towards the person.

NOTE: The handler will keep the dog restrained on a 6 foot leash at all times.
